

# THE STOCK MARKET GAME™

The Stock Market Game introduces students to the global economy, business, and the power of investing.

## What is The Stock Market Game?

The Stock Market Game is an innovative, interdisciplinary approach to learning about business, economics, math, financial literacy, and research. Student teams invest \$100,000 of virtual money in the stock market, managing their portfolios through an online portal to buy or sell stocks, bonds, and mutual funds. Teams in Minnesota compete to have the highest valued portfolio at the end of their session.

## Why Use SMG with Your Students?

- **Students can manage their online portfolio anywhere** they have access to a device and internet, making it a great learning tool for in-person or remote teaching.
- Students work in teams, helping **build communication and collaboration skills**.
- **Supplemental activities support student learning**, including the InvestWrite essay contest and Financial Matters guest speakers.
- **Teachers have access to dozens of resources** including lesson plans, activities, and assessments.
- **SMG is a great curriculum tool in a variety of subject areas** including economics, business, math, finance, social studies, and others.

*"I have used the SMG for 16 years in my classes and plan to continue - it is informative, interesting, and fun!" - 20-21 SMG teacher*

## No-Cost Program with Incentive for Teachers

Thanks to funding from the FINRA Investor Education Foundation, your school will participate in SMG at no cost, and all teachers using the program will receive a \$50 incentive!

## Session Dates 2021-22

**YEAR LONG: Now through April 22, 2022**

**SPRING: January 18 - April 29, 2022**

**LATE SPRING: March 7 - May 27, 2022**
